

20 YEARS OF COUNTRY TRACKS

June 1989-May 2009

THE BIGGEST No.1s

- These are the tracks that spent 5 weeks or more at No.1 on the Country Tracks chart during its first 20 years. These should be looked at with consideration for all the factors that control the movement of tracks on the chart. Sometimes a really big hit doesn't spend its expected time at No.1 because of a strong track coming up behind – and some tracks spend more weeks than expected at No.1 because there isn't a stronger track to knock it off the top.
